## FULL SYNTHETIC MOTOR OIL

Everest Extreme Performance Full Synthetic Motor Oils are premium quality multi-grade motor oils formulated from selected superior base oils and advance high performance engine oil additive technology.

Everest Extreme Performance Full Synthetic Motor Oils are fully licensed to meet or exceed the latest American Petroleum Institute SN service classification for use in passenger car, vans, sports utility vehicles, light duty trucks, powerboats, motorcycles and other mobile and stationary equipment where engine life and performance are important.

Everest Extreme Performance Full Synthetic Motor Oils outperform conventional motor oils and are designed especially for turbo-charged and high RPM engines which experience high heat. Everest Full Synthetic Motor Oils are formulated with low friction additives to help improve fuel economy and provide quick flow to critical parts at start-up to reduce wear.

Everest Extreme Performance Full Synthetic 5W-20, 5W-30 and 10W-30 motor oils meet or exceed car manufacturers ILSAC GF-5 and American Petroleum Institute API Resource Conserving SN service classification have been field tested to be comparable to American, European and Japanese manufacturers' standards: ACEA A1/B1 & A5/B5, Ford WSS-M2C930A and WSS-M2C945A (5W-20), and WSS-M2C929A and WSS-M2C946A (5W-30); Chrysler MS 6395, dexos, and GM 6094M and other specifications where a full synthetic SN motor oil is recommended.

## SYNTHETIC BLEND MOTOR OILS

Everest Extreme Performance Synthetic Blend Motor Oils are premium multi-grade motor oils designed for maximum engine protection even under the toughest driving conditions. Blended from quality lube base stocks and special additives are designed for all weather conditions.

Everest Extreme Performance Synthetic Blend Motor Oils are fully licensed to meet or exceed the latest American Petroleum Institute SN service classification for use in passenger car, vans, sports utility vehicles, light duty trucks and other mobile and stationary engines.

Everest Extreme Performance Synthetic Blend Motor Oils outperforms conventional motor oil, reduces friction and wear at start-up and protects your engine against performance robbing sludge and varnish deposits and help improve fuel economy.

Everest Extreme Performance Synthetic Blend 5W-20, 5W-30 and 10W-30 motor oils meet or exceed car manufacturers ILSAC GF-5 and American Petroleum Institute API Resource Conserving SN service classification and have been field tested to be comparable to American, European and Japanese manufacturers' standards: ACEA A1/B1 & A5/B5, Ford WSS-M2C930A and WSS-M2C945A (5W-20), and WSS-M2C929A and WSS-M2C946A (5W-30); Chrysler MS 6395, dexos, and GM 6094M and other specifications where a premium API SN synthetic blend motor oil is recommended.

## FULL SYNTHETIC MOTOR OILS

- Maximum full synthetic dexos1™ GEN2 protection
- Exceeds ILSAC GF-5 / API SN
- Helps optimize fuel economy

Everest dexos1™ GEN2 Full Synthetic SAE 0W-20 and 5W-30 Motor Oil is formulated from select low-friction, full synthetic base stocks and an advanced technology additive system licensed by General Motors to meet their Global Engine Oil Specification. It provides excellent oxidation stability, superior resistance to sludge formation and varnish deposits, reduces friction and wear at start-up and protects your engine even under the toughest driving conditions. Everest dexos1™ GEN2 Full Synthetic Motor Oil is recommended for turbo-charged and high-powered passenger car, truck, sport utility vehicle and other mobile and stationary engines.

### 0W-20 FULL SYNTHETIC MOTOR OIL DEXOS1®

## FULL SYNTHETIC EURO LINE MOTOR OIL

- Designed especially for European gasoline and diesel engines
- Maximum engine performance, protection, and longevity
- More robust oil for longer drain intervals
- Enhanced oxidative stability, emission system and wear protection
- Superior rust, corrosion, wear, and oxidation protection
- Aggressive resistance to sludge and varnish deposits for matation

Lower pour point reduces start-up wear during cold weather

Energy conserving, helps improve gas mileage

Everest Full Synthetic EuroLine SAE 5W-30 Motor Oil is a specialized multi-grade oil designed with a state-of-the-art low friction additive system to meet the latest stringent, high-performance European OEM standards for maximum engine performance, protection, and longevity even under the toughest driving conditions. It outperforms conventional motor oil, reduces friction and wear at start-up and protects your engine against the build-up of performance robbing sludge and varnish deposits. It is recommended for turbo-charged and high-powered passenger car, light duty truck, sport utility vehicle and other mobile or stationary engines.

Everest Full Synthetic EuroLine SAE 5W-30 Motor Oil meets or exceeds SN / CF service classifications and is compatible with all prior categories. BRAND Full Synthetic EuroLine SAE 5W-30 Motor Oil has been field tested to be comparable to most American, Asian and European manufacturers' standards including ACEA A3 / B3-16, ACEA A3 / B4-16, ACEA A5 / B5-16, MB 226.5 v2016.1, MB 229.3, 229.5 (v2012.2), Renault RN 0700 / RN 0710, VW 502.00 and 505.00 standards, and other OEM's specifications where a full synthetic SN motor oil is recommended.

## TRANSMISSION OIL

Everest Extreme Performance Automatic Transmission Fluid should be your first choice in transmission oil for your business and customers.

Everest Extreme Performance Automatic Transmission Fluids are premium quality multi-purpose transmission fluids formulated to provide protection against rust, wear, and foaming.

Everest Extreme Performance Automatic Transmission Fluids are suitable for use in a wide range of operating temperatures and applications and are available in ATF-III and Full Synthetic Multi-Vehicle classifications.

Use a product that is well-known for its performance capabilities and absolute reliability. Recommended by automotive professionals and specialists, you can be certain every machine is kept in the finest condition possible.

Don't trust your business to a product that doesn't back up its claims and provide you with a record of outstanding service.

Why allow rust to permeate engines and cause wear and tear on the transmission and vital engine parts?

Use a product that is consistent and known to be the best choice to keep it all running smoothly and reliably. It's a worry-free decision!

## HEAVY-DUTY OIL

Everest CK-4 Advanced Heavy Duty SAE 15W-40 and 10W-30 Synthetic Blend Diesel Engine Oil is a high-performance engine oil designed to meet 2017 and prior model year on-highway and Tier 4 exhaust emission standards. It provides enhanced protection against wear, oxidation, shear viscosity loss, low and high temperature degradation, soot related thickening as well as protection against particulate filter blocking and catalyst poisoning. It outperforms conventional motor oil and is recommended for naturally aspirated, turbocharged or supercharged diesel, gasoline, or propane truck, sport utility vehicle, and passenger car engines. Everest Advanced Heavy Duty SAE 15W-40 and 10W-30 engine oil meets or exceeds American Petroleum Institute (API) CK-4 service classification and all prior API specifications including CJ-4, CI-4 Plus, CI-4, CH-4, CG-4, CF-4, CF-2, and CF. It has been field tested to be comparable to most American, Asian and European manufacturers' standards including ACEA E7-12, MB 228.31, Renault VI RLD-4, Volvo VDS 4.5, Mack EOS-4.5, CAT ECF-3, and many other OEM's specifications where a synthetic blend API CK-4 engine oil is recommended.

Always check your car manual for proper service recommendations.

## GEAR OIL

Everest Extreme Performance HDX All Purpose Gear Oils are multi-purpose extreme pressure gear lubricants for automotive manual transmission, trans-axles and differentials. They are suitable for make-up and refill of conventional and limited-slip differentials. Everest Extreme Performance HDX All Purpose Gear Oils withstands shock, loading, high torque, and widely diversified temperatures and meets or exceed API GL-5 requirements.

## HIGH MILEAGE MOTOR OILS

Everest Extreme Performance High Mileage Motor Oils are premium multi-grade motor oils designed for maximum protection for high mileage passenger car, van, sport utility vehicle, light duty truck and other mobile and stationary engines. As your engine ages its oil breaks down faster.

Everest High Mileage oil provides maximum protections against oil burn-off and is scientifically formulated with special additives to meet the needs of high mileage vehicles.

Everest Extreme Performance High Mileage Motor Oils contain advanced seal conditioner additives to help reduce leakage and provide extra protection against wear and harmful deposits.

Everest Extreme Performance High Mileage Motor Oils are fully licensed to meet or exceed the latest American Petroleum Institute SN service classification and has been field tested to be comparable to most American, Asian and European manufacturers' standards including ACEA A1/B1 & A5/B5, Chrysler MS 6395S and Ford WSS M2C945-A, M2C946-A and other specifications where a synthetic blend API SN motor oil is recommended.

## HYDRAULIC FLUID

Field Tested: Sperry Vickers M-2950-S & I-286-S, Denison HF-0, HF-1 & HF-2, and Cincinnati Milacron

- Excellent thermal stability
- Special additives provide sludge and deposit control, and longer service life
- Excellent rust and corrosion protection for all system components
- Provide superior water separation and demulsibility
- Excellent anti-foam protection and rapid air release
- Provides anti-wear protection for pumps, motors, valves and other hydraulic circuit components operating under high pressures and loads

Everest AW-10 Anti-Wear Hydraulic Oil is a general purpose, anti-wear hydraulic Fluid designed to provide excellent thermal stability, anti-wear, anti-foam, rust and oxidation protection for pumps, motors, valves and other hydraulic circuit components. Everest AW 10 Hydraulic Oil is formulated with special additives according to the ISO viscosity grade classifications to perform in extended service intervals to reduce downtime and

## REX

# SYNTHETIC BLEND MOTOR OILS

It is a synthetic engine oil formulated for new generation Ford vehicles and providing fuel economy. It is recommended for use in passenger cars and light commercial vehicles with petrol and diesel engines. It is not recommended for use in Ford Transit vehicles with 2.2 TDCi, 2.4 TDCi and 3.2 TDCi engines.

- Extends the oil changing period.
- Increases engine performance by decreasing friction.
- Provides excellent protection against oxidation.
- Controls residues, soot and deposits.
- Provides excellent protection against wear in cold starts.

## TRANSMISSION OIL

Tiger's Head ATF-III Multi-Purpose Automatic Transmission Fluid is blended from selected, highly refined base stocks and advanced additives for use in passenger cars, sport utility vehicles and light duty trucks requiring performance requirements of: DEXRON®-III (H), DEXRON®-III, DEXRON®-IIE, Type A Suffix A and MERCON® as well as Allison C-3 and C-4 fluids. It is recommended for many transmission systems, hydraulic systems, and power steering units manufactured by American, European, Korean, Japanese and other manufacturers from around the world specifying ATF III type transmission fluids.

## ANTIFREEZE

Is an advanced formula product designed for use in passenger car engines and up to light duty diesel engines. It is a unique combination of corrosion inhibitors utilizing a low silicate, phosphate free formula. Can be used as a top-off but to achieve maximum protection a complete flush and fill should be performed.

# GREASE

iLast All-Purpose Lithium Grease is a premium non-extreme pressure lithium grease with a high drop point suitable for high temperature applications. Water Resistant Rust Protection for General Purpose Lubrication.

iLast All-Purpose Lithium Grease is ideal for use in the following applications where a lithium NLGI #2 non-EP grease is suitable:

- Construction
- Industrial
- Logging
- Performance Attributes and Benefits

# FULL SYNTHETIC MOTOR OILS

Everest Extreme Performance Full Synthetic Motor Oils are premium quality multi-grade motor oils formulated from selected superior base oils and advance high performance engine oil additive technology.

Everest Extreme Performance Full Synthetic Motor Oils are fully licensed to meet or exceed the latest American Petroleum Institute SN service classification for use in passenger car, vans, sports utility vehicles, light duty trucks, powerboats, motorcycles and other mobile and stationary equipment where engine life and performance are important.

Everest Extreme Performance Full Synthetic Motor Oils outperform conventional motor oils and are designed especially for turbo-charged and high RPM engines which experience high heat.

# SYNTHETIC BLEND MOTOR OILS

CITGO SUPERGARD Motor Oils are premium quality engine oils designed to provide optimum performance in high-output gasoline (including turbocharged and supercharged) engines in passenger cars, vans, sport utility vehicles, and light trucks. The new technology incorporated in this latest generation lubricant enables it to exceed manufacturers' performance requirements. These engine oils demonstrate improved performance in today's advanced engine designs. CITGO SUPERGARD is available in both single and multigrades. The SAE 5W-20 and SAE 5W-30 are classified as synthetic blends. Recommended for passenger cars, sport utility vehicles, and light trucks operating on gasoline. Also recommended for use in gasoline engines which have been converted to operate on compressed natural gas (CNG), liquified natural gas (LNG), and liquified petroleum gas (LPG-which includes propane and butane). NOTE: CITGO SUPERGARD Motor Oils are not recommended for use in diesel engines. CITGO CITGARD® Motor Oils are recommended for diesel applications

# TRANSMISSION OIL

CITGO QuatraSyn Synthetic Transmission Fluid is a full synthetic, multipurpose heavy duty transmission fluid designed for use in a variety of automatic transmission applications and is engineered for severe duty service. This fluid improves maintenance efficiency by extending transmission life, resulting in reduced downtime and lower repair costs, and also has the capability of extending the fluid service life compared to conventional transmission fluids. With a long history of proven performance by having been field tested in buses, refuse vehicles, construction material trucks, trailers and vehicles operating in stop and go conditions, it is recommended for use in automatic transmission applications where TES-295 fluid is specified. This is not an Allison approved fluid.

This product is a red-dyed automatic transmission fluid meeting all of the requirements of Ford Specification M2C33-F, Type F. It is recommended for use in all automatic transmissions for which a Type F fluid (Ford Specification M2C33-F) is specified. Always consult owner's manual for manufacturer's recommendation. [Note: Many Ford transmissions require MERCON® or Ford Specification M2C138-CJ or M2C166-H. For these applications, CITGO TRANSGARD, Multi Purpose ATF is recommended].

CITGO TRANSGARD ATF, MERCON®-V is an advanced extended life automatic transmission fluid designed for Ford transmissions and transaxles. This product may also be used in automatic transmission units that require a fluid qualified against the Ford MERCON® specification. Recommended for use in all applications requiring MERCON®-V, MERCON®, DEXRON®, ALLISON C-4 and JASO 1A. It is also formulated for use in most Toyota, Nissan, Honda and other imported vehicles. This product is an excellent choice for transmissions used in severe service, including passenger car and bus fleets as well as towing applications, and is designed to exhibit extended life compared with conventional multipurpose ATFs.

CITGO TRANSGARD ATF+4 is a full synthetic automatic transmission fluid recommended for use in Chrysler vehicles. It has been extensively tested and approved by Chrysler under material specification MS-9602. Tested and approved for use by FCA US LLC. It is recommended for top-up and refill of all automatic transmissions in Dodge, Chrysler and Jeep vehicles where ATF+4, ATF+3 or MS 7176 are called for. Do not use ATF+4 where DEXRON®-III, DEXRON®-IIE, or MERCON® automatic transmission fluid is recommended. Consult owner's manual for fluid recommendations.

# TRANSMISSION OIL

This Full Synthetic, Continuously Variable Transmission Fluid is specifically formulated to prolong and protect transmission life in modern high technology belt and chain-driven CVT transmissions. It helps maintain smooth operation, reduces transmission wear and degrades less over time. Recommended for use in most foreign and domestic belt and chain-driven CVT transmissions and is suitable for use in the following vehicles where CVT Fluid is recommended. NOT for E-CVT or Non-CVT transmissions. Consult owner's manual for fluid recommendations.

CITGO TRANSGARD DEXRON®-VI ATF is a full synthetic automatic transmission fluid approved and licensed by General Motors for use in its vehicles with automatic transmissions. This fluid is designed to provide twice the normal service life of a DEXRON®-IIIH ATF. It offers enhanced performance for both new and older model transmissions. Recommended for use in automatic transmissions manufactured by General Motors. The product is backward compatible and can be used in all General Motors cars and trucks where DEXRON®-III, DEXRON®-IIE and DEXRON®-II type fluids were called for. TRANSGARD DEXRON®-VI ATF was specifically designed for use in the Hydra-Matic 6-speed transmission.

CITGO TRANSGARD Multi-Vehicle High-Viscosity ATF contains the highest quality synthetic base stocks combined with a state of the art additive system to provide superior performance in automatic and powershift transmissions. It is suitable for use in transmissions calling for Ford MERCON®-V, Ford MERCON®(obsolete), General Motors DEXRON®-IIIH (obsolete), and Allison C-4 type fluids. Do not use CITGO TRANSGARD Multi-Vehicle High-Viscosity ATF in vehicles calling for Type F, DEXRON®-VI, MERCON®-SP, MERCON®-LV, Toyota/Lexus WS, and CVT's. Consult owner's manual for fluid specification.

CITGO TRANSGARD Multi-Vehicle Low-Viscosity ATF contains the highest quality synthetic base stocks combined with a state of the art additive system to provide superior performance in automatic and powershift transmissions. It is suitable for use where the following products are recommended: GM vehicles recommending DEXRON®-III, DEXRON®-VI, MERCO®- LV, JASO 1A, Toyota WS, Honda DW-1A, Nissan/Infiniti Matic S and Hyundai SP-IV
